

The coronavirus is affecting all members of society in different ways. The Red Cross has had to make changes to its activities in order to deal with the situation. We are working with our volunteers to alleviate and prevent human suffering by reaching more people, doing more for them and doing it better. And we need your help!

At the moment, our three second-hand shops in the city centre, Berga and Skäggetorp are closed until further notice but we're going to start our social activities in new ways and we need volunteers.

If you need help, don't hesitate to contact us!

**Do you want to:**

- Represent the Red Cross and inform and talk to people about the coronavirus in more vulnerable areas of Linköping?
- Help people maintain a normal everyday life and break their isolation? Then you could help with one of our regular activities – but outdoors or remotely. Even if you belong to an at-risk group, you can help others remotely.

You can find all our volunteer assignments during the coronavirus crisis on the Red Cross website:
